**AUTO ACCIDENT AT STARR WAS SERIOUS**

Lewis Thompson Has His Skull Fractured in Collision In The Town of Iva Yesterday

Lewis Thompson was seriously injured yesterday afternoon at Starr in an automobile accident. He is seriously hurt, attending physicians stating that they think his skull has been fractured.

The accident happened in the town of Starr, and was a three cornered accident. Two cars, a Ford driven by Alston Thompson, and in which the injured boy was riding, and a Chevrolet driven by Tom Chapman were coming up the street and met a Ford driven by a Mr. Adams going in the opposite direction. In some manner, the cars collided, and Lewis Thompson was struck in the face with a piece of iron. His face was badly cut and he received several other injuries. He was the only occupant of any of the cars that was injured.

Report this morning from Starr state that the lad is resting easily, but is in a critical condition.—Anderson Mail.

**RED SPIDERS HURTING SPARTANBURG COTTON**

Spartanburg, Aug. 3.—Much apprehension among the farmers of this section is being caused by red spiders, which have infested cotton fields on several farms in this county. The farm of W. J. Berry, near Duncan, has been attacked by a large number of these pests and cotton is being decimated rapidly as a result of the insects' depredations. The spiders lay upon the leaves of the cotton plants, causing these to crumple up

and deprive the plant of its food supply.

Red spiders have caused considerable damage on the farm of J. L. Hipp of Cherokee, route 2, and, despite drastic measures taken to check their inroads, continue to destroy the cotton in a 12 acre field on the Hipp plantation. Several other farms have been invaded by the spiders and Ernest Carnes, county farm demonstration agent, is exerting every possible means to assist the farmers in their predicament. Plants found to be infested by the spiders are pulled up by the roots and burned in order to prevent the spread of the insects to other portions of the fields. The dry, hot weather prevailing now is announced as being responsible for the prevalence of these pests, which breed prolifically in polk stalks and violet beds.

**FOR MAGISTRATE AT DONALDS**

We are authorized to announce T. H. Gordon as a candidate for magistrate at Donalds who pledges himself to abide the result of the democratic primary.

**PORTO RICO TELEPHONE SERVICE IS TIED UP**

San Juan, Porto Rico, Aug. 2.—Telephone service throughout the island stopped at 9 o'clock this morning when operators and other employees walked out after a rejection of their demand for a 50 per cent increase in wages. An offer of a 30 per cent advance was refused by the strikers.

## A GOOD RECOMMENDATION

The business man has confidence in the boy or other employee with a bank account. He knows that any one who can save for himself can save for him, and that the money saved stands for character. It does not mean how much you have saved, but the fact that you have shown a determination to do a certain thing; that a savings bank book is in itself a good recommendation.

You can have this kind of a recommendation by coming to the **PLANTERS Bank** and opening an account. One dollar will do to start and you can add more whenever you have it.

INTEREST PAID ON SAVINGS.
